V LINE

FOR VETERINARY EQUIPMENTS

V LINE

V LINE company was established in 2004 and we started the eartag project in 2009 so that we were able to meet the needs of the Egyptian market and today we seek to present our services and products to the countries of the Middle East and the world .

Our mission

We are proud to be the first company ,in the Middle East that manufactures eartags and we also strive to provide an excellent service to help our farms reach the highest efficiency of management and meet all their needs of veterinary supplies .

Our design Team

The design engineers team of our company designed and implemented different sizes of tags to suit all types of livestock. The team also developed a tag lock to ensure the highest performance during its operation period .

FOR VETERINARY EQUIPMENTS

V LINE

FOR VETERINARY EQUIPMENTS

Our R&D Team

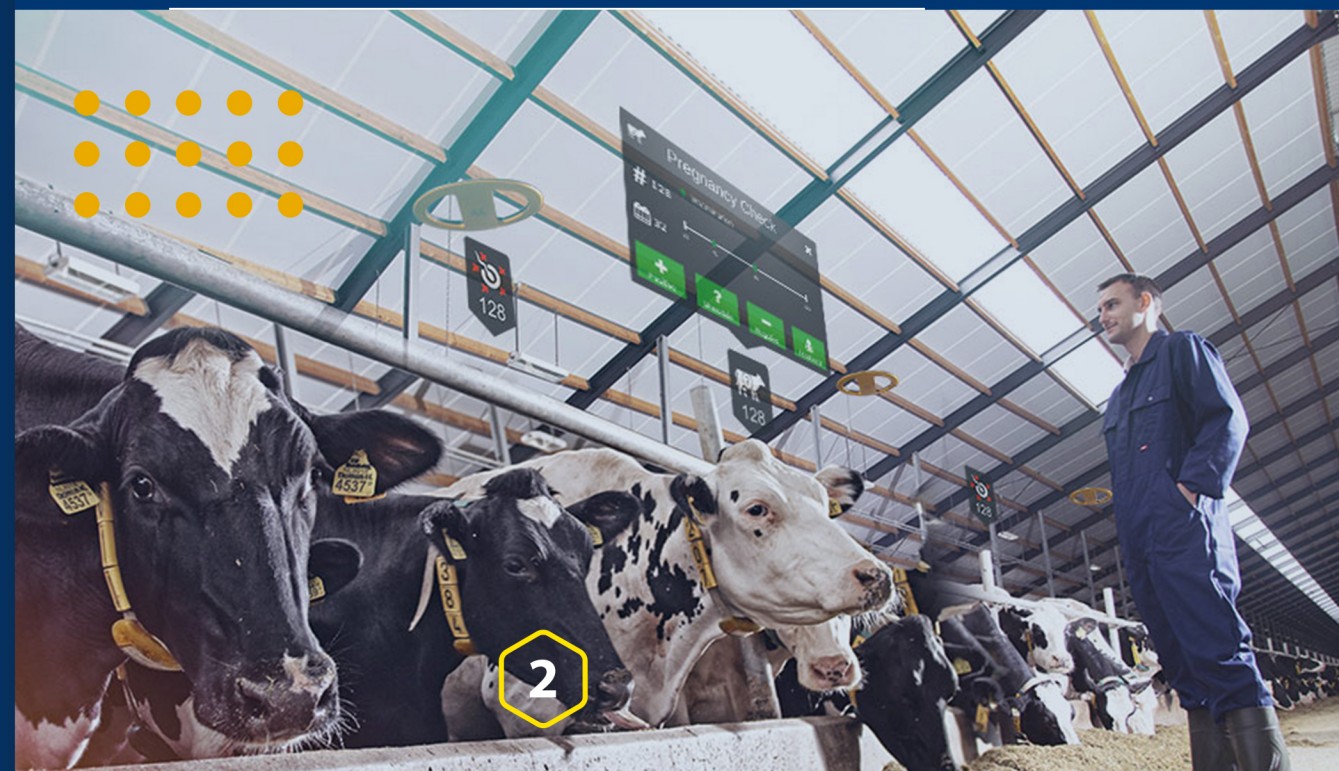

Here we are developing our service and products to suit the development in the field of livestock breeding, and we also seek to facilitate the process of livestock numbering, management and follow-up with ease by using the best technology in the world .

Weekly tests

Here we check production weekly by doing some necessary tests

- Tension Test
- Ultraviolet Test
- Hardness Test

NUMBERING SYSTEMS

FOR LIVESTOCK

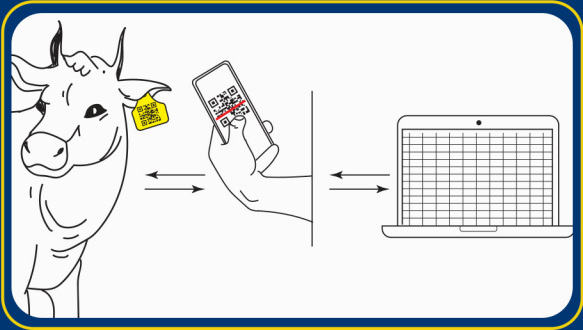

1 Visual tags system

Data collected visually and **written** in paper sheets .

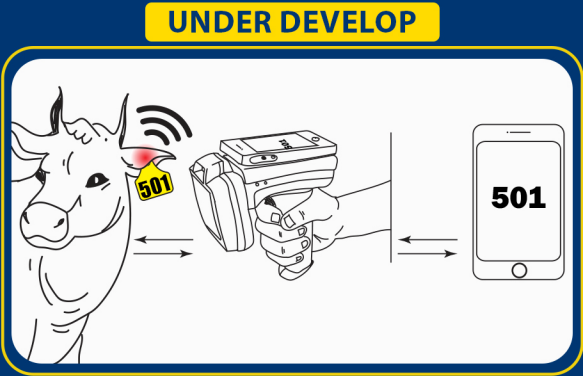

2 QR Code Tags system

QR code on tag .
Data collected by QR code scanners on **Mobile Application** connected to excel sheet .

3 RFID (UHF) system

A UHF passive microchip in a tag .
Data collected by reader scanner connected by Excel sheet or **program on PC** .

TAGS FOR CATTLES

ET501

NAME: Large double face tag for cow
Material: TPU
Weight: 13 g
Printing: Black laser printing

The male has fitted with a very sharp metal tip

AVAILABLE
COLORS

Size FEMALE : 75x 65 x 1mm
MALE : 75x 65 x 1mm
